Some quick notes about Coleman's 2023 SBA 7(a) NAICS Loan Report.

- Loan Performance is for the past 10 calendar years 2013-2022
- Coleman Report 500 NAICS codes are ranked by number of loan approvals
- A few NAICS codes have changed numbers and report two sets of data; Full Service Restaurants, Limited Service Restaurants, Cafeterias and Snack Bars. However, the data set is insignificant and does not affect reported percentages. For example Full-Service Restaurants (722511) report 24,220 loans and Full-Service Restaurants (722110) report 848 loans.
- We have made an editorial decision and are not adjusting the underlying data. This gives you the option to report on the new code, or combine the data with the old name.
- SBA 504 loans are excluded from analysis due a small sample size and charge-off data reporting lags
- We have included yearly cohort summary percentages
